GETTING STARTED

SPINALOGIC® AND OL1000™

1

Place the device over your treatment site.

2

To begin your treatment, press and hold the 'Power Button' below the screen until it beeps.

3

Wear the device for **30 minutes**. Once your treatment is complete, the treatment record will be shown followed by a smiley face and the device will turn off automatically.

Tracking Your Usage: Quickly press the power button. The screen will show you two numbers. The number on the left displays the number of completed treatments and the number on the right displays the number of days since first treatment.

If you have any questions, please call your DJO® representative or **1 (800) 263-6004**. For all information pertaining to this device, please reference 'Instructions For Use.'

Training videos can be found at djoglobal.com/patient-resources
